

## Workshop The Interface Within

13 March 2017

Meertens Institute, Amsterdam\*

\*This workshop is one of the GLOW Workshops, though it takes place at the Meertens Institute. The organisers of the workshop would like to inaugurate the Meertens Institute's new location /building. From the 14th of March, the other GLOW workshops and the main colloquium will take place in Leiden. The trip from Amsterdam to Leiden takes approximately 30 minutes by train

- 9.30-10.15     Invited speaker: **H. van der Hulst**  
*University of Connecticut*  
The integration of segmental and syllabic structure in Radical CV Phonology
- 10.15-11.00     **E. Rasin**  
*MIT*  
Predictions of a phonological architecture with stress encapsulation
- 11.00-11.15     COFFEE BREAK
- 11.15-12.00     **<sup>1</sup>M. Kramer & <sup>2</sup>D. Zec**  
*<sup>1</sup>University of Tromsø, <sup>2</sup>Cornell University*  
Think positive: Manners at the interface to suprasegmental phonology
- 12.00-12.45     Invited speaker: **V. Martínez-Paricio**  
*University of València*  
The relationship between melody and prosody in a framework with internally layered feet
- 12.45-14.30     **POSTER SESSION\*\* / LUNCH**
- 14.30-15.15     **N. Faust & J. Brandão de Carvalho**  
*University Paris 8*  
Vocalic templates and the structure/melody distinction
- 15.15-16.00     **D. Passino**  
*Nice Sophia Antipolis University*  
Prosody is not a projection of segmental content

16.00-16.15 COFFEE BREAK

16.15-17.00 Invited speaker: **S. Ulfsgjorninn**  
*University of Lyon*  
Melody and Prosody in Strict CV Metrics

17.00-17.45 **T. Scheer**  
*Nice Sophia Antipolis University*  
Dual Phonology

17.45-18.30 **B. Köhnlein**  
*Ohio State University*  
Towards a unified analysis of interactions between foot structure, tone, duration, and segmental structure

18.30 - DRINKS

## **\*\*POSTERS**

**G. Enguehard**  
*University Paris 7*  
Tonic Lengthenings and the «melodic nature» of the skeleton

**F. Mutlu**  
*Boğaziçi University*  
Place asymmetries: Onset head vs domain head

**G. Schwartz** (alternate)  
*Adam Mickiewicz University*  
When manner is prosody, the interface defines itself

**L. Xiaoxi**  
*University of Essex*  
An element geometry account of depression in Bantu and Shanghainese

**<sup>1</sup>M. Sloos, <sup>2</sup>Y. Ran & <sup>3</sup>J. van de Weijer**  
<sup>1</sup>*Fryske Akademy* <sup>2,3</sup>*Shanghai International Studies University*  
Tone-segment interaction in Huangyan Taizhou (Wu)

**A. Revithiadou**  
*Aristotle University of Thessaloniki*  
When not everything fits: Pitch-accent and lexical stress systems in phonological typology
